1000 BOOKS BEFORE KINDERGARTEN

Welcome to 1000 Books Before Kindergarten, a library program that encourages all caregivers and families to read 1,000 books with their children before they start kindergarten (or turn 5).

Now that you have your reading log, you can begin! The average children's picture book takes five minutes to read. If you read three picture books a day, you and your child will have read 1,095 books within the span of one year.

How does it work?

Each time you read a book with your child, color or mark the picture of a book in your reading log. If you read a favorite book over and over, it counts each time. Stories read to your child at child care, preschool, a library storytime, or at grandma's house count too!

Prizes

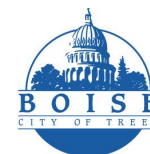

We will award prizes for every 100 books you complete with your child! When you reach a milestone, bring your reading log to a participating library to collect your prize. You will also receive a fun grand prize when you get to the end. Good luck!

1000 BOOKS BEFORE KINDERGARTEN

Bienvenidos a 1000 Libros Antes del Kinder, un programa de la biblioteca que anima a todos los cuidadores y familias a leer 1,000 libros con sus hijos antes de que empiecen el kinder (o cumplan 5 años).

¡Ahora que tienes tu registro de lectura, puedes comenzar! El libropromedio para niños pequeños toma cinco minutos en leerse. Si lees libros al día, tú y tu hijo habrán leído 1,095 libros en el transcurso de un año.

¿Cómo funciona?

Each time you read a book with your child, color or mark the picture of a book in your reading log. If you read a favorite book over and over, it counts each time. Stories read to your child at child care, preschool, a library storytime, or at grandma's house count too!

Premios

We will award prizes for every 100 books you complete with your child! When you reach a milestone, bring your reading log to a participating library to collect your prize. You will also receive a fun grand prize when you get to the end. Good luck!
